

# All—in

## GUERNSEY'S AI SPRINT

## We're going all-in on AI for every islander. We need Guernsey's business community *in* with us.

The Guernsey AI Sprint is a six-week, island-wide programme full of FREE to attend events - workshops, panels, hackathons, drop-ins and webinars. No matter your role, sector, or level of experience, there will be something for you to learn and be inspired by. To keep every single event free at the point of access, we're asking the business community to help us deliver it.

### Everyone in this together.

We want everyone to be in that's why there are no tiers of sponsorship, just one package so that every supporting business is recognised in the same way. Support the sprint with funding or with a venue; either way you stand alongside every other partner, all—in.
